## Status:

A Filing Receipt for the above-referenced patent application has been issued by  
the PTO. The Filing Receipt sets forth inaccuracies concerning the present application.  
The instant request provides the PTO with correct data so that the records for this  
patent application may be appropriately updated.

The Filing Receipt contains the following errors in the Applicant(s) section.

The Filing Receipt states that the residences were not provided for all three inventors. However, the residences are provided on the Declaration and Power of Attorney which was filed on December 31, 2003. Therefore, please correct the Applicant(s) section of the Filing Receipt as follows:

- 1) Mauro Fagnani is from **Nerviano (MI), Italy.**
- 2) Albino Pidutti is from **Udine, Italy.**
- 3) Claudio Adragna is from **Monza (MI), Italy.**

A copy of the Declaration and Power of Attorney is enclosed showing the correct address of the above applicants.

A copy of the PTO's Filing Receipt is included with this request. Reference to the Filing Receipt and the enclosed documents should provide the Office with sufficient evidence to support Applicants' request for correction.

A correction of the Filing Receipt is respectfully requested in this regard. Since the correction is necessitated by Patent and Trademark Office errors, no fee is required.

Should the Office of Initial Patent Examination have any questions concerning this Request For Correction of Filing Receipt, a call to the undersigned is strongly encouraged.

Respectfully submitted,

**LICENSE FOR FOREIGN FILING UNDER  
Title 35, United States Code, Section 184  
Title 37, Code of Federal Regulations, 5.11 & 5.15**

**GRANTED**

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

**NOT GRANTED**

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
